MANAGEMENT NIGHT

What's Hot, What's Not:
Highlights from the Global Auto Show Circuit

SPEAKER: ADAM BERNARD

TECHNICAL CHAIRMAN: PAUL GRESKOWIAK

Adam Bernard, Associate Director of Competitor Intelligence for General Motors, helps keep GM informed on what the competition is up to. His presentation will feature notable new production and concept vehicles from key global competitors introduced on the global auto show circuit (including Paris, Los Angeles, and Sao Paulo) and their connection to key trends in the automotive industry.

Mr. Bernard is also on the board of the Society of Automotive Analysts, and taught business and product strategy as an adjunct faculty member of the College for Creative Studies for fourteen years. He is also an avid car enthusiast (owning both a 1963 Buick Riviera and 1972 Austin Mini). He started his work at GM 31 years ago with a bachelor's degree in mechanical engineering and later went on to receive his MBA.
